WE WELCOME AND APPRECIATE YOUR SUPPORT

for

"Love N'spired Inc. A 501(C)(3) tax-exempt Organization

Dear Potential Donors,

The community outreach program's focus will be to elevate individual awareness in the community. A wide range of classes will be offered such as communication, computer literacy, group support sessions, and anger management, along with several other community resources. All of these classes will be provided at a sliding scale or insurance-based fee.

Our goal is to provide mentoring, counseling, basic life skills, budgeting, and job training for at-risk young women (ages 13-24). Love N'spired Inc. is established to offer programs that will attempt to address all obstacles that have prevented our youth from being encouraged. We have created a comprehensive program that will assist with economic stability, social independence, and positive self-reflection.

We thank you in advance for your generous donation. Every donor & sponsor will receive an update on how your donation was distributed. We appreciate you making a difference in the lives of our Las Vegas youth & families. You can make these contributions by the Certified Paypal giving link below:

Love N'spired Inc. is committed to empowering young women (ages 13-24) to reach success in whatever they aspire to become. We provide mentorship and act as a lifetime lifeline to support them on their journey. Through counseling we strive to heal past hurts and build basic life skills to aid in decision-making, creative thinking, interpersonal relationships, self-awareness, empathy, and managing stress and emotions. We also offer budgeting and job training services to help young women obtain interview-appropriate clothes and hopefully secure employment. We are committed to providing young women affected by trauma with the information, awareness and support they need to feel safe and secure.

Having faced separation from their families, abuse, molestation or even worse, these young women may think that the streets are a better option than home, and sometime homes is not safe. They are unaware of the additional dangers they may face while trying to find safety. We recently had the honor of having Lena Walther's, the Consul of Sweden, host our event on Sex Trafficking, Clarice McCalister from the Metropolitan Police Drug Unit, also hosted our event on the dangers of drug use. Through these initiatives, we hope to provide these young women with hope and the assurance that they are not alone. We will continue to organize events, add more resources and secure more support to help us reach a goal together.

Having the privilege of addressing the young women of our future is an amazing experience. As someone who spent 12 years in foster care before being emancipated at 17 1/2, with two children and no plan, I understand feelings of being inadequately prepared for life. Through abuse, abandonment, and feeling like my existence wasn't wanted, I can relate to the difficulties that these young women face, because I was once them. Here at Love N'spired Inc., our purpose is to show the young women that love still exists by putting our words into action. Join us and be part of this journey as we work to empower, educate, and uplift these young women who need our love and encouragement. I appreciate your time, and look forward to your support.
